

# Masava Lime Remover

## Product information

**MASAVA Lime Remover** is an effective descaling agent combined with soaps and surfactants.

### Effectively removes:

- Lime
- Rust
- Water scale

### Use on applications such as:

#### Industry:

- Heat exchangers
- Heating elements
- Water filters
- Air mixers for water faucets
- Boilers
- Calorifiers
- Tiles
- Stainless steel
- Sanitary facilities
- Washing machines
- Coffee machines
- Electric water kettles

### General guidelines for diluting with water:

Dilute MASAVA Lime Remover in a plastic container or bucket (solution, depending on the extent of scaling) using lukewarm or cold fresh water. Add Lime remover to water, not opposite. can be diluted in a ratio from 1:1-1:100

If the surface you are about to clean is very dirty you can use Lime Remover undiluted or in a very strong solution. If the item or surface is soiled with sludge, oil, grease or other, pre-clean item or surface with offshore cleaner or other basic cleaner before using MASAVA Lime Remover.

The item or surface should be water soaked before applying MASAVA Lime Remover.

On larger systems, clean using circulation. For smaller applications, a soaking method can be used. After using MASAVA Lime Remover thoroughly rinse the item or surface with fresh clean water.
